

SHWETHA S | RESUME

- » Email: shwetha.s272@gmail.com
- » Skills: React, JavaScript, Node.js
- » Interests: Web Development, Frontend Development, Backend Development, Database Management

» » » Summary

Experienced Full Stack Developer skilled in building scalable, high-performance web applications. Proficient in React.js, Node.js, Express.js, and NestJS with solid experience in PostgreSQL, MongoDB, and REST API integration. Adept at full-cycle development from design to deployment.

» » » Experience

'2014 - 2017'	Lecturer	The Older Company
	» RES Polytechnic — Computer Science Lecturer (3 years) - Taught programming languages, data structures, and database management systems. - Assisted students with practical lab sessions and software projects.	
'02/21 - 02/22'	Developer	Tesark Technologies
	» Trainee - Junior developer(1 years)	
	» Developed web applications using React.js, Node.js	
	» - Designed scalable REST APIs	
	» - Collaborated with UI/UX teams for improved user experience.	
'02/22 - 02/25'	Developer	Tesark Technologies
	» Tesark Technologies — Full Stack Developer (4 years)	
	» Developed full-stack web applications using React.js, Node.js, and NestJS.	
	» - Designed scalable REST APIs and optimized database queries.	
	» - Collaborated with UI/UX teams for improved user experience.	

» » » Company Projects

	Brighter Green Engineering Project	Full Stack Developer
	» Contributed to both frontend and backend development, implementing responsive UI and secure API integration.	
	» Technologies: React.js, Node.js, Express.js, Sequelize-cli.	
	CodeQuick Client Portal	Frontend Developer
	» Developed and maintained a client web portal to manage medical field data.	
	» Technologies: React.js, Node.js	
	Timewise Project	Full Stack Developer
	» Contributed to both frontend and backend development, implementing responsive UI and secure API integration.	
	» Technologies: React.js, NestJS, TypeORM, Postman.	
	Chapchimp Company Project	Full Stack Developer

- » Hotel management web application Developed modules for a company web platform, focusing on optimized data flow and performance.
- » Technologies: React.js, Express.js, PostgreSQL

Bloomify Company Project

Frontend Developer

- » Contributed to frontend.Created and integrated frontend components with backend APIs.
- » Technologies: React.js, TypeScript, Tailwind CSS.

Personal Projects

My Portfolio Project

Frontend Developer

- » "I created my portfolio using React because it allows reusable components, better state management, and smooth UI transitions. I structured the project with separate sections like Hero, About, Skills, Projects, and Contact, and used Tailwind CSS for fast styling."
- » Technologies: React.js, Tailwind CSS.
- » ProjectLink: <https://shwethasportfolio.netlify.app>

User form Project

backend Developer

- » "I created backend APIs for a User Form using Node.js/Express. The APIs handle user input validation, CRUD operations, and database communication using PostgreSQL. I also added error handling and response formatting for a smooth frontend integration."
- » Technologies: React.js, Express.js.

Education

2009 - 2013 **Bachelor Degree, Computer Science Engineering** VTU University

- » I graduated in 2013 with a Bachelor's degree, achieving an overall score of 69.4.

2007 - 2009 **PUC, PCMB** Bangalore University

- » Sheshadripuram Composite PU College
- » Year of Completion: 2009 with percentage of 57

2007 **High school** Bangalore University

- » St.Mary's High school
- » Year of Completion: 2007 with percentage of 79

Skills

Front End

- » React.js, HTML5, CSS3, JavaScript, TypeScript, Chakra UI, Tailwind CSS

Back End

- » Node.js, Express.js, NestJS

Tools

- » REST APIs, Postman, VS Code

Version Control

- » Git, GitHub, Bitbucket

Database

- » PostgreSQL, MongoDB, Sequelize, TypeORM

»»» Certifications and Additional Skills

- » Python Programming Course(cert Id -BDA4635) — Completed in September 2020 - Be-sant Technologies
- » Basic understanding of Generative AI concepts and tools.
